Please forward the attached e-mail to Rusty and cc. Michael Liu, Roger Boyd, Jack Sawyer, Joel Frank, & Larry Coyle.

Rusty,

I wanted to let you know that I just received the resolution from AAHA through Cynthia's e-mail. I was NOT in attendance when this resolution was discussed and frankly find many of the whereas' erroneous. I would not have supported this resolution. Please understand that in "good faith" I've participated with the Neg Reg committee and I will continue to support the hard work of the committee. I believe that since this upcoming meeting will be our last, it will be a critical that participants take a positive perspective on each issue. We may not all agree on all issues but we need to explore ways of common resolutions to issues.

As regional chair for Alaska I am surprised that the membership of AAHA would submit a resolution. I'm not sure how to approach the Neg Reg efforts when AAHA is taking positions on its own.

Dr. Blake Y. Kazama
Executive Director
